

# Thank You for Hosting!

Right to Life of Idaho is so happy to partner with you to raise money and awareness in a fun way as we **fight** to save babies from abortion.

The pro-abortion ballot initiative will be on Idaho ballots this November and it is *evil*. It defies common sense and morality. The needs are urgent. Babies will be born because of your YES to host a party encouraging others to donate, vote NO, and Stop the Abortion Prop!

## Too Extreme for Idaho!

The pro-abortion ballot initiative (so called Reproductive Freedom & Privacy Act or RFPA) is a radical departure from our current laws that the majority of Idaho voters support (Peak Insights Study, Feb 2026).

- By using a vague definition of fetal viability, it would allow late and even very late-pain-capable abortions.
- It will overwrite all current pro-life laws, even parental consent and doctor requirements.
- Minors would be granted a “right to make private reproductive health care decisions” and could obtain abortions and other “services related to the reproductive processes” such as transgender hormones *without* a parent.
- Getting rid of the physician-only requirement puts women’s health at risk as it will increase access to dangerous abortion pills, without physician oversight.

Our job is HUGE but DOABLE. Remember it is a matter of life and death. As a Party for a Purpose Hostess and pro-life warrior, you will have 3 achievable goals:

- 1) **Educate**- convey the urgent need to “STOP the Abortion PROP”- it isn’t just the proposition, but the propaganda. Many other states (16) have seen similar measures and the majority lose (13 times life has lost) due to the propaganda, such as women with miscarriages or ectopic pregnancies cannot receive care. Those situations are NOT elective abortions and are not affected by our abortion laws (see Idaho abortion laws myth busting videos at [RTLl.org](http://RTLl.org) for more info)
- 2) **Advocate**- prod your friends, family, and neighbors to Vote No on Nov 3<sup>rd</sup>
- 3) **Fundraise**- this campaign needs capital to be able to mobilize voters and reach everyone. Money goes towards national consultants, campaign managers, video production, distribution, digital marketing, billboards, etc.

If this sounds overwhelming fear not Right to Life of Idaho has created a special ~4 min video and has other resources available to help you convey the message and solicit funds. All you really have to do is host the party!
